### **Congratulatory Message for the 6<sup>th</sup> Hong Kong International Music Festival**

On the occasion of this year's Hong Kong International Music Festival, it is my great pleasure to congratulate on the successful organisation of its sixth term.

Every year, the Festival brings together aspiring musicians from around the globe, including Germany, and enhances international cultural exchange through music. Germany enjoys the reputation as a major cultural nation in the world. With over 50 colleges of art and music nationwide, not only did it produce some of the greatest composers in history, but our country has always been cultivating up-and-coming young musicians of our time. I am delighted that the Festival has opened a Regional Office in Germany to target its recruitment at the music talents in our country. It is also particularly pleasing to learn that the German clarinetist Prof. Jörg Lieser and acclaimed conductor Volker Hartung continue to be the Festival's judge and honorary consultant respectively, thereby further strengthening the cultural exchange between Germany and Hong Kong. I am sure this will motivate more German musicians to participate in the Festival in the future.

I would like to take this opportunity to thank the Festival's organisers for their continuous endeavours and extend my best wishes to all the contestants of the sixth Hong Kong International Music Festival!
