August 31, 2022

To everyone at the Hong Kong International Music Festival:

The United States Consulate General congratulates the organizers and musicians of this year's Hong Kong International Music Festival – another symbol of this city's vibrant cultural life.

The United States has long recognized the important role of music and the arts in providing spaces for people to freely express themselves, improvise, and build cross-cultural understanding. Music is vital to the diverse U.S. landscape; each genre, whether classical, jazz, hip-hop, gospel, country, R&B, rock-n-roll, bluegrass, or zydeco, reflects the diverse culture and rich history of the people of the United States. Our passion for music and expression is a passion we share with the people in Hong Kong.

We are pleased to see musicians from Hong Kong, the United States, and locations across the globe showcasing their talent at the Hong Kong International Music Festival. The language of music is universal, and one of the best ways to create, find common ground, and build on common connections between the people around the world.

Sincerely,

Colin Crosby
Deputy Consul General

Congratulatory Message for the 9th Hong Kong International Music Festival

It is my great pleasure to congratulate the Hong Kong International Music Festival on its ninth year.

It is remarkable that during the past two and a half years of pandemic, the Hong Kong International Music Festival has never surrendered, but rather found creative ways to put on its program and fulfill its mission. This is especially important as music can bring us closer together even in times in which the world seems to grow further apart. This event particularly facilitates communication of young musicians from around the globe, including from Germany and thus builds a foundation for the future. The Hong Kong International Music Festival can serve as a symbol for hope and is a much-needed opportunity to celebrate the power of music.

International cultural exchange is of great importance in difficult times. It is important to celebrate tolerance, love, respect and mutual acceptance. I would like to thank the organisers for their continued efforts, in particular by allowing the possibility of remote participation through digital performances - we may not be able to see the musicians in person, but their music will surely move us regardless.

Music has been an integral part of German culture particularly from the baroque and classical periods up to modern popular music. I am therefore especially delighted to note that German experts, Professor Jörg Lieser and Professor Dominik Schugk, are part of the jury and the acclaimed conductor Volker Hartung will be the Festival's judge and honorary consultant respectively.

I wish the best of luck to all participants of the Festival this year.

CONSULATE GENERAL OF THE REPUBLIC OF THE PHILIPPINES HONG KONG

On behalf of the Consulate General of the Philippines in Hong Kong, it is my great pleasure to congratulate the organizers and participants of the 2022 Hong Kong International Music Festival (HKIMF). The successful hosting of the festival this year is a testament to our community's spirit of creativity which remained undampened despite the challenges of COVID-19. It is therefore inspiring to witness international artists gathering for the 9th HKIMF to showcase their talents for a worldwide audience.

With the support of the people of Hong Kong, I am certain that cultural exchanges shall continue unimpeded through the medium of music, but more importantly foster closer bonds between the Philippines and Hong Kong SAR.

I wish all the participants the best of luck and success in their performances. Again, congratulations to the HKIMF for nine (9) fruitful years of bringing people from all over the world together in celebration of music and the arts.

Dear Hong Kong International Music Festival,

I sincerely offer my congratulations to the 9th Hong Kong International Music Festival.

Hong Kong International Music Festival has attracted many musicians and music enthusiasts from around the world since 2013 and has provided a pathway to the world for artists with a passion for music.

Hong Kong is an international city of art. Its role is expected to become more important as an art and culture exchange hub, supported by the 14th Five-Year-Plan of China. These days we can see many new cultural developments, such as the opening of the M+ and the Palace Museum in West Kowloon Cultural District as well as the establishment of the Culture, Sports and Tourism Bureau.

Many international festivals, including the Hong Kong International Music Festival, will play an essential role in the drive to solidify Hong Kong's outstanding reputation as art and cultural hub. I would like to encourage more Korean musicians to take the challenge on the Hong Kong International Music Festival to showcase their talents and share their passion with others.

I wish the greatest success of the Hong Kong International Music Festival and hope everyone participating and performing to enjoy this wonderful event.

Sincerely,

BAEK Yong-chun
